Parent Involvement

“I care about the quality of my child’s treatment and have concerns about the future.”

“I want all families and children with autism to be able to get help.”

“I am passionate about helping the autism community, but I have not figured out how to make the best use of my skills.”

Example #1: Where will the next AZA office be located?

Management

Provide service statistics, staffing needs, funding needs, recommendations

Executive board

Scout locations, conduct feasibility studies, evaluate funding, recommendations

Member families

Survey for community needs, ideas, recommendations

Program committee

Competitive analysis, gaps in resources, populations in need, recommendations

Governing board

Evaluate recommendations, identify gaps in information, **vote on decision**

Making informed decisions

Example #2: Which part of the state do we go to next?

Management

Provide service statistics, staffing needs, funding needs, recommendations

Executive board

Scout locations, conduct feasibility studies, evaluate funding, recommendations

Program committee

Competitive analysis, gaps in resources, populations in need, recommendations

Governing board

Evaluate recommendations, identify gaps in information, recommendations
